

[IQARUS AEROMEDICAL EVACUATION TEAM (AMET) EXCELLENCE IN SUPPORT OF THE UNITED NATIONS MULTIDIMENSIONAL INTEGRATED STABILISATION MISSION IN MALI (MINUSMA)]

We demonstrated swift and efficient deployment of Aeromedical Evacuation Team (AMET) services in support of MINUSMA within a remarkable 10-day timeframe, playing a crucial role in supporting the UN peacekeeping mission in Gao, Mali.

Key Achievements

CONTINUOUS PRESENCE SINCE 2012

Navigating through dynamic political and security landscapes, Iqarus consistently provides uninterrupted medical support to NGOs, Diplomatic and Political Missions, INGOs, and various International Organisations (IOs).

STRATEGIC IMPORTANCE

Iqarus manages all levels of evacuation – Casevac, Medevac, and Stratevac to ensure the best patient outcomes.

Operational Excellence

RAPID DEPLOYMENT

In response to an urgent request for a 24/7/365 air evacuation capability, Iqarus efficiently deployed a specialised AMET to Gao, ensuring continuous and vital medical support for the peacekeeping mission.

ADHERENCE TO MEDICAL PLANNING GUIDELINES

Iqarus aligns its services with the Medical Planning Guidelines 10-1-2, emphasizing the crucial combination of speed and quality to enhance patient care and significantly reduce mortality and morbidity in conflict-affected regions worldwide.

AMET COMPOSITION

DEPLOYED CLINICAL STAFF

A dedicated team of six (6) skilled medical professionals two (2) doctors, two (2) nurses, and two (2) paramedics, organised into one (1) cohesive AMET, with an allocated Liaison Officer leading the team.

Iqarus is unwaveringly committed to providing exceptional AMET services, demonstrating our seamless collaboration within multinational peacekeeping missions. Our strategic presence and operational excellence position us as a reliable and essential partner in critical evacuation situations, ensuring the highest standards of medical care and support.
